

APARTADO 3

Me dirijo a la web de Kaggle y me registro.

The image shows the Kaggle registration form titled "Register with email". It includes fields for EMAIL (carlossimal@gmail.com), PASSWORD (masked with dots), and FULL NAME (Carlos_Rams). Below the name field, it states "Will be displayed on your profile". There is a section for "Your profile URL" showing kaggle.com/CarlosRams with an "Edit" link. A reCAPTCHA verification box is present with the text "No soy un robot". At the bottom, there is a checkbox for "Email me Kaggle news and tips" and two buttons: "Back" and "Next".

Una vez logeado me inscribo en una competición de iniciación, en este caso Titanic.

The image shows the Kaggle website interface for the "Titanic - Machine Learning from Disaster" competition. The left sidebar contains navigation links: Home, Competitions, Datasets, Models, Benchmarks, Game Arena, Code, Discussions, Learn, and More. The main content area displays the competition title, a search bar, and a "Submit Prediction" button. Below the title, there is a description of the competition, a "Description" section with a welcome message, and a "Participation" section showing statistics. The right sidebar contains sections for "Competition Host", "Prizes & Awards", "Participation", "Tags", and "Table of Contents".

En la parte derecha de la pantalla aparecen los 3 archivos del data set que subiré después a github

The screenshot shows the Kaggle website interface for the 'Titanic - Machine Learning from Disaster' competition. The left sidebar contains navigation links: Home, Competitions, Datasets, Models, Benchmarks, Game Arena, Code, Discussions, Learn, and More. The main content area is titled 'Titanic - Machine Learning from Disaster' and includes tabs for Overview, Data, Code, Models, Discussion, Leaderboard, Rules, Team, and Submissions. A 'Submit Prediction' button is visible. Below the tabs, there is a section for file details for 'gender_submission.csv' (3.26 kB). This section includes a 'Detail' tab, a 'Compact' view, and a 'Column' view. The 'About this file' section explains that it is an example of a submission file and that predictions assume only female passengers survive. Below this, there are two small bar charts: 'PassengerId' (ranging from 892 to 1309) and 'Survived' (ranging from 0 to 1). The 'Data Explorer' panel on the right shows the file 'gender_submission.csv' (93.08 kB) and lists its columns: 'test.csv' and 'train.csv'. A 'Summary' section indicates 25 columns with 3 files, including String (10), Integer (8), Decimal (4), and Other (3). A 'Download All' button is at the bottom right.

gender_submission.csv (3.26 kB)

Detail Compact Column 2 of 2 columns

About this file

An example of what a submission file should look like.
These predictions assume only female passengers survive.

PassengerId Survived

892 1309 0 1

892 8
